EXPERIENCE

Video & Motion Graphics Editor with experience creating content for YouTubers, brands, and social media. Worked with YouTuber and built a US-focused YouTube channel as a portfolio project, strengthening editing, storytelling, and audience research skills.

SKILLS

- **Adobe After Effects:** Creating motion graphics, typography animations, flat animations, visual effects, and advanced video compositions.
- **Adobe Premiere Pro:** Editing videos with transitions, captions, subtitles, typography, music, and smooth pacing.
- **Adobe Illustrator:** Creating and preparing flat assets, flat illustrations, and separate elements for animation.
- **CapCut:** Fast editing and quick content delivery for short-form projects.
- **Nano AI:** Generating creative ideas, content concepts, and scripts to speed up production.
- **ElevenLabs AI:** Creating realistic AI voiceovers for videos, advertisements, and content projects.
- **YouTube Content Strategy:** Understanding audience behavior, hooks, retention, and content performance.

PROJECTS

- **GTA 6 Content Creation Project (Content + Engagement Strategy)**
Built a YouTube channel focused on GTA 6 news, targeting the fast-growing gaming industry using attention-grabbing content and hype-based formats to drive engagement.
- **Client Work**
 - Full-time Video Editor for The GTA Assassin.
 - Created a coffee advertisement for Concept Coffee.
 - Edited promotional social media content for Kochi Cafe.
- **Canva Lead – Tech Hub Club, Sharda University**
Created and edited content for major college events, including the main Arsh Goyal event.
